AZEK® SURROUNDS

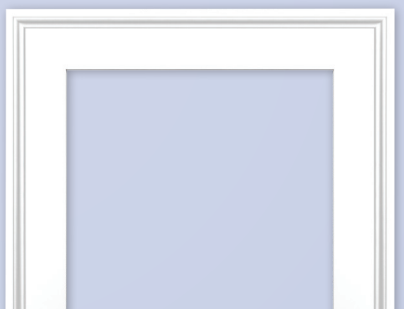

CREATIVE FREEDOM MEETS INNOVATIVE EFFICIENCY

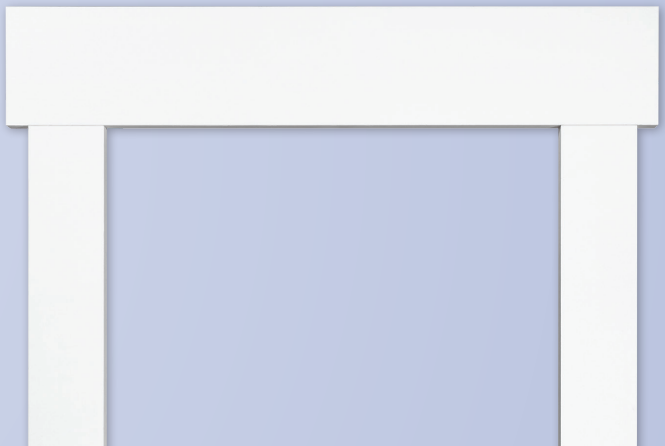

Drawing inspiration from architecture archives and a diverse trim collection, AZEK designers have created a series of classic window and door surrounds. Single-structure, pre-milled profiles eliminate costly carpentry and assembly steps. These trim and moulding profiles are built up with varying shadow-line compositions, visual weights and widths, then matched with complementary sill profiles to give each surround its own persona. AZEK surrounds bring sophisticated styling and moisture management to your homes without breaking the budget.

HISTORIC RAMS HEAD

ADD VISUAL INTEREST WITH JUST ENOUGH FANFARE

This assembly replicates a classic surround with subtle detail. An attractive one-piece crown mould and wide head makes installation a breeze. The Historic Rams Head surround delivers an interesting, but simple aesthetic and is commonly used in Arts and Crafts-styled homes. The historic or molded sill should be used with this surround.
