

EXCEEDING CODE COMPLIANCE WITH ecoglo®

ecoglo® provides a full range of luminous egress path marking products that exceeds local and international building code requirements. Our non-toxic, non-radioactive products have been rigorously tested to provide hours of a steady, consistent photoluminescent light source.

\$ COST-EFFECTIVE

ecoglo® products are proven to out perform competitors, performing their best for over 30 years with no signs of wear and tear, eliminating repair and replacement costs.

★ PERFECT FOR STEP EDGE MARKING

Free of hazards and trip-preventive, ecoglo® step edge markings are designed to enhance step-edge safety while emitting a bright photoluminescent light in the case of power outages, to safely guide occupants to the exit discharge.

ALWAYS CODE COMPLIANT

All of ecoglo®'s products have been tested to ensure they meet, and exceed, all relevant building and fire codes. No matter what product you chose to install, you can be confident your egress path way meets code compliance regulations.

CHARGING INFORMATION

In an area reasonably lit by fluorescent lighting, it only takes 5 minutes of charging to produce over two hours of steady, bright photoluminescent light.

The charging source shall be 1 foot-candle (11 lux) of fluorescent illumination for 60 minutes, and the minimum luminance shall be 30 millicandelas per square meter at 10 minutes and 5 millicandelas per square meter after 90 minutes.

VISIBLY BETTER

IFC/IBC SECTION 1024 COMPLIANCE: LUMINOUS EGRESS PATH MARKINGS

Chapter 10 of the International Building Code covers all means of egress in buildings. Sections 1024 and 1025 clearly lay out the regulations for luminous egress path markings, and are rapidly being adopted around the nation in local and state building codes.

ecoglo® products are UL 1994 Certified and exceed the performance criteria in the following tests or standards:

- ✓ **Brightness**
High visibility in light and dark conditions
- ✓ **UV Stability**
High durability indoors and outdoors
- ✓ **Slip Resistance**
Reduces slips
- ✓ **Abrasion Resistance**
Hard wearing
- ✓ **Washability**
Easy Cleaning
- ✓ **Radioactivity**
No radioactivity or toxicity
- ✓ **Flammability**
Does not burn

All product data sheets and compliance certificates can be found online at ecoglo.us

To find the right products for your project, contact your local ecoglo® representative for free product samples, and create a visibly better egress path in your building.
